Property Details

This large Bahamia Home is a real fixer upper. The value is there. The house living space is 2351 square feet, with an additional 861 sq. ft. includes the screened in porch & Bahama room, front porch and storage shed. Then there is a large swimming pool and pool bar in the back yard. This house can be fixed and made into a wonderful home. The roof was leaking but has recently been fixed and has the water shield installed. Must see, as lots of cosmetic work will go a long way here. Call for a viewing....
