Directly facing the brilliant blue turquoise of the Caribbean or the south side of the island, and just a few steps from the calm waters, is the beautiful home known as The Seaside. Nestled in a pretty tropical garden, The Seaside is a perfect hideaway in Ocean View Heights, which consists of a small group of homes just north of the island's capital, Governor's Harbour, and a 5-minute drive from the airport. Some of these properties are occupied by residents year-round, and others are vacation rentals; it is a friendly neighborhood with a private waterfront for ocean access. A very well-constructed concrete structure of 2 bedrooms and 2 bathrooms with a Mediterranean flair, Seaside is a very light and airy home of nearly 1700 sq ft with big sea views throughout the house and meticulously maintained. Next to the well-appointed kitchen- with a new dishwasher and refrigerator- is found a large pantry. Efficiency and comfort are reflected in the great room facing the ocean with an area for watching tv and a separate dining room next to the kitchen also facing the ocean.
